THE FORCE OF PATIENCE AND PRODUCTIVE FAITH

By Rev. Paul Rotua

"THE FORCE OF PATIENCE" is a faith influencer and I will be explaining some very important things a lot of people do not understand about it. I believe God will open your understanding in Jesus name.

Patience is an active force and not a passive one. This is very important to know, lest you push it aside as a platform of suffering. No, it is not. How do you activate this powerful kingdom force in your spirit as a Christian?

Many times, we wonder why God seems to be slow in answering prayers if and when He does seem to answer. You see friend, God though sovereign does not act outside of the boundaries of the laws he has set in His dealings with man. A very fascinating and mind-blowing scripture that always tells me about our God is found in **Psalm 78:41.** It says ***Ye, they turned back and tempted God and limited the holy One of Israel (KJV). They limited the holy One of Israel from giving them His blessings (TLB).*** What a statement! You mean man has the ability to limit God? How? They turned away from believing Him again and again. Impatience can cause you to lose the blessings that God has for you.

King Saul in **1 Samuel 15** lost the throne God wanted to keep in his lineage all because of impatience. Patience is staying consistently constant on what you believe from God's word or what He has told you without shifting ground to try another means of getting the blessing. It is what keeps your hands of faith up to receive the promise and see the manifestation.

Let me explain its dynamics. Many times, when God wants to do most things to bless us in our lives, He uses men. And since He cannot override man's will, he will *have to influence people in their hearts to do His biddings to favour you. As long as the person or people are unyielded, He will keep working on them to influence their minds to be favourable towards you. So-called chance meetings or chance discussions lead to divine blessings, open doors and great opportunities that come people's ways are the results of God successfully influencing hearts in the direction of the recipient.*

REV. PAUL ROTUA

Now if one person refuses to yield, God will have to find someone else because His word must be fulfilled in the life of the one that continually holds on to it in faith. Sometimes, God will require of the person asking to go in a particular direction, get involved in a conversation or do something specific but if the person does not respond quickly or does not even respond at all, it can cause a delay. Not because God has not answered but because of a lack of sensitivity. All these will take time. So, know this, there's usually a time line between when you pray and receive God's promises by faith and when you eventually see the physical manifestation. We live in the realm of time but God does not, that's why He always says, it is already done as soon as you ask in faith. Patience is now needed to sustain faith until the manifestation is seen. Can you be patient? Yes, you can. You don't need to pray for it as a child of God. Why? It is the fruit of the spirit of a man who has made Jesus Lord and received eternal life. It is all part of the grace package.

Oh, I hear say you are not a patient person naturally yet you have been born again. So that's not true. Stop looking at your old self. You are now a new person in Jesus with a life of God. You have the love of God in you, and love is patient and so you are patient. Begin to acknowledge yourself and call yourself so. Never forget it.

Finally, what do you do when the force of patience is at work? Do you just sit down passively and just fold your arms? What spiritual activity do you need to engage in? First, you must maintain your faith stand by regularly releasing words based on what you believe from God's word about the matter. You cannot wage war without the weapon of God's word. Where the matter will involve people, bless those concerned and declare that men are yielding to God's voice to favour you. Please, don't always focus on a particular person, God can use anyone else. Engage in thanksgiving and don't walk on unforgiveness towards men. Unforgiveness is a terrible thief of God's blessings because it is found in the kingdom of darkness. Also learn to respond to promptings in your heart, to do whatever you're led to do. That action could very well be the key to turn the tide in your favour. To obey it is better than sacrifice. Amen.

Hebrews 10:35-36 says, ***do not throw your confidence or happy trust in the Lord, don't let it die no matter what happens. Remember your reward, you need to keep on patiently doing God's will if you want Him to do for you all that He has promised.*** Don't let the devil convince you that you are wasting your time believing and standing on God's word patiently. The devil never tells the truth. When he says it is not working, lift up your hands in joy because I assure you then it is working the most. Halleluyah.

I pray for you that you will be strengthened by the Holy Spirit in your heart. You will not stumble and fall, and if you are already down, receive strength to rise up again in Jesus name. May your heart be established in grace, emboldened by the God's word, and enlightened to know where to turn, never giving up in Jesus name. Amen.
